Advertising slone does not produce success. The thing which is advertised must have intrinsic merit, or else large advertised will eventually do it more harm than good. If you have anything which you know to be good, advertise it thoroughly, and you will be sure to succeed, it is poor, don't praise it, for people will soon discover you are lying.

Such is the policy of the Burrington Route, which runs to three great regions in the west: let. To Om ha, connecting with the great Pacific Roads. Ind. To Lincoln, the capital of Nebraska, and all that beautiful region south of the Platte, filled with R. R. lands and homesteads. 3d. To St. Joseph, Kansas City, and all Kansas points. The roads are splendidly built, have the best bridges, finest cars, the Miller platform and coupler, and the safety art brake to prevent the loss of life that is everywhere else happening? Pullman's sleepers, Pullman dining cars, large and powerful engines to make quick time and close connections), and are in a word the best equipped roads in the West. So that if you desire to go safely, surely, quickly and comfortably to any point in Southern lows. Nebraska, Kan-as, or on the Pacific Roads, be sure you go "By Way of Burlington."

All who wish particular information, and a large map, showing correctly the Great West, and all its railroad connections, can obtain them and any other knowledge, by addressing General Passenger Agent, B. 4 Mo. R. R. R. Burlington, lows. lows, Nebraska, Kansas, California.
